Event on "From e-Justice to AI-Justice: The Digital Transformation of Tomorrow's Justice System"

The Institute for Justice and Growth of the EPLO, in collaboration with [Information Society S.A.](#), will host a conference on "**From e-Justice to AI-Justice: The Digital Transformation of Tomorrow's Justice**" on Thursday, November 6, 2025, at 18:00, at the **EPLO event hall in Plaka** (*Dioskouron and Polygnotou 2, opposite the Roman Agora*).

The event will explore how emerging technologies, digital innovation, and artificial intelligence will shape the future of judicial systems in Greece and across Europe. Discussions will focus on the opportunities, challenges, and ethical considerations of integrating AI into justice, as well as the institutional reforms needed to ensure transparency and efficiency.

Participants will have the opportunity to exchange ideas, share best practices, and engage in dialogue on the future of digital justice.

A certificate of attendance will be provided. Please **RSVP** at info@eplo.int.

The event will be recorded, with minutes and photos taken for publication purposes.
